Delivered with Care.

# RIGEL'S FYTO CAL-P

*Stronger Bones, Better Performance, and Complete Health  
Support for Every Animal*

*“Powering Growth, Enhancing Performance.”*

- ✓ Stronger Bones & Skeletal Health
- ✓ Improved Eggshell Quality & Production
- ✓ Faster Growth & Better Feed Efficiency
- ✓ Enhanced Immunity & Stress Resistance
- ✓ Supports Reproductive Health & Hatchability

PREMIUM ANIMAL NUTRITION

## Overview

Fyto Cal-P is a scientifically balanced liquid nutritional supplement designed to support optimal bone health, metabolic function, and overall productivity in animals. Enriched with highly bioavailable calcium sources, essential vitamins, trace minerals, and metabolic enhancers, it ensures improved growth, skeletal strength, and performance under intensive farming conditions.

## COMPOSITION (Per 10 ml)

- Calcium Lactate - 1500 mg
- Calcium Gluconate - 2000 mg
- Calcium Phosphate Tribasic - 1000 mg
- Phosphorus - 468 mg
- Vitamin D3 - 2500 IU
- Vitamin A - 3000 IU
- Vitamin E - 20 mg
- Vitamin B12 - 100 mcg
- Zinc Sulphate - 100 mg
- Manganese Sulphate - 50 mg
- Iodine - 5 mg
- Moringa oleifera Extract - 300 mg
- Shatavari Extract - 200 mg
- Selenium - 0.3 mg
- Propylene Glycol - 130 mg
- Buffer & Stabilizer - q.s.

## MODE OF ACTION

Fyto Cal-P works through a multi-pathway mechanism to deliver rapid correction and sustained maintenance of mineral and metabolic balance:

- **Dual-Phase Calcium Availability:** Calcium Lactate and Calcium Gluconate provide fast absorption, while Calcium Phosphate ensures sustained release, maintaining consistent blood calcium levels and preventing sudden drops.
- **Synergistic Calcium-Phosphorus Balance:** Optimized Ca:P ratio supports efficient bone mineralization, skeletal integrity, and eggshell matrix formation.
- **Vitamin D3 Activation Pathway:** Enhances intestinal absorption of calcium and phosphorus, regulates calcium-binding proteins, and improves deposition into bones and eggshells.

- **Metabolic Enzyme Activation (Vitamin B1):** Facilitates carbohydrate metabolism and energy production, improving feed utilization and vitality.
- **Hematopoietic & Nervous System Support (Vitamin B12 + Iron):** Promotes red blood cell synthesis, oxygen transport, and reduces fatigue and stress-related performance drops.
- **Hepatoprotective & Lipotropic Action (Choline Chloride):** Prevents fatty liver syndrome, enhances fat metabolism, and improves nutrient transport and utilization.
- **Thyroid & Metabolic Regulation (Iodine):** Supports thyroid hormone synthesis, regulating growth, metabolism, and production efficiency.
- **Antioxidant Defense System (Selenium):** Acts as a cofactor for glutathione peroxidase, reducing oxidative stress, improving immunity, and enhancing reproductive performance.
- **Rapid Energy Support (Propylene Glycol):** Provides an immediate glucose precursor, helping animals cope with stress, illness, and production demands.
- **Shatavari extract:** supports hormonal balance and reproductive performance in livestock. It acts as a natural adaptogen, helping animals cope with stress and maintain immunity. It also promotes better digestion and nutrient utilization, supporting overall productivity and health.

## BENEFITS

- Promotes strong bones and skeletal development
- Improves eggshell quality and production
- Prevents calcium deficiency disorders (e.g., rickets, lameness)
- Enhances growth rate and feed efficiency
- Supports liver health and metabolism
- Strengthens immunity and stress resistance
- Helps in recovery during disease and post-treatment

## DOSAGE

**Large Animals (Cattle, Buffalo):** 50–100 ml per day

**Small Animals (Goat, Sheep):** 20–30 ml per day

**Chicks and Broilers:** 20 ml per 100 birds daily

**Layers / Breeders:** 100 ml per 100 birds daily

## PRESENTATION

Available in 1L, 5L and 10 L HDPE bottles.

At Rigel Global Pvt. Ltd., we are committed to enhancing animal health, productivity, and overall well-being through advanced nutritional and healthcare solutions. Our Animal Health & Nutrition Division partners closely with farmers, veterinarians, and feed manufacturers across India and international markets, delivering scientifically validated products that support performance optimization, immune strength, and sustainable production in poultry, livestock, and aquaculture. Backed by a robust research-driven approach and global collaborations, we integrate internationally proven formulations with region-specific technologies to address the dynamic needs of the poultry, dairy, and aquaculture industries. Our diverse portfolio spans feed additives, probiotics, veterinary formulations, and biosecurity solutions –each developed with a strong focus on quality, efficacy, and safety.

Guided by our core principles of Integrity, Innovation, and Impact, Rigel Global Pvt. Ltd. strives to strengthen the food value chain while empowering partners with dependable products and expert technical support. We believe that healthy animals are the foundation of a healthy world, and every solution we deliver reflects this enduring commitment.
