## RIGEL'S R-ZINC VET

Zinc & B-Complex Tonic for Optimal Growth & Performance  
in Livestock & Poultry

*“Powering Growth, Enhancing Performance.”*

- ✓ Boosts Skin, Hoof & Feather Health
- ✓ Enhances Appetite & Feed Intake
- ✓ Supports Faster Growth & Development
- ✓ Improves Metabolic Efficiency
- ✓ Strengthens Immunity & Stress Resistance

PREMIUM ANIMAL NUTRITION

## Overview

R-Zinc Vet is a scientifically formulated liquid supplement combining highly bioavailable chelated zinc with essential B-complex vitamins, amino acids, and trace minerals.

It is designed to support metabolic functions, improve growth, enhance immunity, and maintain healthy skin, coat, and feather quality in poultry and livestock. This formulation is especially beneficial during periods of stress, poor growth, and nutritional deficiencies.

## COMPOSITION (Per ml)

ACTIVE INGREDIENTS	STRENGTH
Chelated Zinc	10 mg
Thiamine HCl (Vitamin B1)	2 mg
Riboflavin (Vitamin B2)	1 mg
Pyridoxine HCl (Vitamin B6)	0.5 mg
Nicotinamide (Vitamin B3)	5 mg
Calcium D-Pantothenate (Vitamin B5)	1 mg
L-Lysine HCl	10 mg
DL-Methionine	5 mg
Copper Sulphate	0.5 mg
Ferrous Sulphate	1 mg

## MODE OF ACTION

- **Chelated Zinc** improves skin integrity, immune response, and enzyme activity.
- **B-Complex vitamins** support energy metabolism, appetite stimulation, and nervous system function.
- **L-Lysine & DL-Methionine** enhance protein synthesis, growth, and tissue repair.
- **Copper & Iron** support hemoglobin formation and overall vitality.

**This synergistic combination enhances metabolic efficiency, supports growth, and improves overall performance.**

## BENEFITS

- Promotes healthy skin, hoof, and feather development, reducing issues like rough coat, poor feathering, and dermatitis
- Improves appetite and feed intake, leading to better nutrient consumption and overall performance
- Enhances growth rate and body weight gain through improved protein synthesis and amino acid utilization
- Supports enzymatic and metabolic functions, ensuring efficient energy production and nutrient conversion
- Strengthens immune response, helping animals resist infections and recover faster during stress
- Aids in quicker recovery from nutritional deficiencies, illness, and environmental stress
- Improves overall vitality and productivity, contributing to better milk yield, egg production, and growth performance

## DOSAGE

**Large Animals (Cattle, Buffalo):** 10–20 ml per day

**Small Animals (Goat, Sheep):** 5–10 ml per day

**Poultry:**

- Broilers: 0.5–1 ml per litre of drinking water for 5–7 days
- Layers: 0.5–1 ml per litre of drinking water for 2–3 days per week (continuous use)

*Or as recommended by Veterinarian.*

## PRESENTATION

Available in 500 ml and 1 L HDPE bottles.

At Rigel Global Pvt. Ltd., we are committed to enhancing animal health, productivity, and overall well-being through advanced nutritional and healthcare solutions. Our Animal Health & Nutrition Division partners closely with farmers, veterinarians, and feed manufacturers across India and international markets, delivering scientifically validated products that support performance optimization, immune strength, and sustainable production in poultry, livestock, and aquaculture. Backed by a robust research-driven approach and global collaborations, we integrate internationally proven formulations with region-specific technologies to address the dynamic needs of the poultry, dairy, and aquaculture industries. Our diverse portfolio spans feed additives, probiotics, veterinary formulations, and biosecurity solutions –each developed with a strong focus on quality, efficacy, and safety.

Guided by our core principles of Integrity, Innovation, and Impact, Rigel Global Pvt. Ltd. strives to strengthen the food value chain while empowering partners with dependable products and expert technical support. We believe that healthy animals are the foundation of a healthy world, and every solution we deliver reflects this enduring commitment.
