Orego Up

Phytogenic Essential Oils

Overview

Orego Up is a premium phytogenic essential oil formulation developed to support gut health, immunity, and overall performance in poultry and livestock. It combines a carefully selected blend of botanical essential oils with proven antimicrobial, antioxidant, and digestive-enhancing properties. Orego Up helps maintain a healthy intestinal environment, improves feed utilization, supports natural disease resistance, and promotes optimum growth without relying on antibiotic growth promoters.

Composition (Each 1000 ml contains)

Ingredient	Quantity
Oregano Oil	85,000 mg
Thyme Oil	55,000 mg
Anise Oil	55,000 mg
Tea Tree Oil	25,000 mg
Lavender Oil	15,000 mg
Rosemary Oil	15,000 mg
Cinnamon Oil	10,000 mg

Mode of Action

- **Oregano Oil:** Rich in carvacrol and thymol, it disrupts the cell membranes of pathogenic bacteria, fungi, and certain viruses while preserving beneficial intestinal microflora. It also possesses strong antioxidant activity.
- **Thyme Oil:** Enhances the antimicrobial activity of oregano oil, supports respiratory and digestive health, and improves intestinal integrity.

Orego Up

Phytogenic Essential Oils

- **Anise Oil:** Stimulates appetite and digestive enzyme secretion, improves feed intake, and enhances nutrient digestibility.
- **Tea Tree Oil:** Provides broad-spectrum antibacterial and antifungal activity, helping reduce microbial load in the gastrointestinal tract.
- **Lavender Oil:** Acts as a natural antioxidant and helps reduce oxidative stress, supporting overall health and recovery during stressful conditions.
- **Rosemary Oil:** Protects intestinal tissues against oxidative damage while promoting healthy liver function and metabolism.
- **Cinnamon Oil:** Contains cinnamaldehyde, which inhibits harmful bacteria, supports gut integrity, improves digestion, and enhances feed efficiency.

Benefits

- Supports natural immunity
- Broad-spectrum antibacterial and antifungal activity
- Helps maintain a healthy intestinal microflora
- Promotes digestive enzyme secretion
- Improves nutrient absorption and feed conversion
- Enhances feed and water intake through improved palatability
- Supports better growth performance
- Helps reduce digestive disturbances and diarrhea
- Provides antioxidant protection against oxidative stress
- Suitable as part of antibiotic reduction programs

Dosages

Poultry

- 1–2 ml per 10 litres of drinking water

Livestock

- 1–2 ml per 10 litres of drinking water or as recommended by a veterinarian or animal nutritionist.

Presentation

Available in 100 ml, 500 ml and 1 L HDPE bottle

At Rigel Global Pvt. Ltd., we are committed to enhancing animal health, productivity, and overall well-being through advanced nutritional and healthcare solutions. Our Animal Health & Nutrition Division partners closely with farmers, veterinarians, and feed manufacturers across India and international markets, delivering scientifically validated products that support performance optimization, immune strength, and sustainable production in poultry, livestock, and aquaculture. Backed by a robust research-driven approach and global collaborations, we integrate internationally proven formulations with region-specific technologies to address the dynamic needs of the poultry, dairy, and aquaculture industries. Our diverse portfolio spans feed additives, probiotics, veterinary formulations, and biosecurity solutions —each developed with a strong focus on quality, efficacy, and safety.

Guided by our core principles of Integrity, Innovation, and Impact, Rigel Global Pvt. Ltd. strives to strengthen the food value chain while empowering partners with dependable products and expert technical support. We believe that healthy animals are the foundation of a healthy world, and every solution we deliver reflects this enduring commitment.
