Balance Today. Better Tomorrow.

Enhances Gut Health | Improves Performance | Supports Natural Immunity

SCIENCE FOR A
HEALTHIER GUT. HIGHER PERFORMANCE.

ADVANCED PROBIOTIC SOLUTION

for
POULTRY & AQUA

Gut Biotec-WS

PRODUCT OVERVIEW

Gut Biotec-WS is an advanced multi-strain probiotic formulation designed to support digestive health, maintain a balanced gut microbiota, and improve nutrient utilization. Its synergistic combination of beneficial *Bacillus* strains and *Saccharomyces cerevisiae* supports intestinal integrity, digestive efficiency, natural immune function, and overall animal performance.

COMPOSITION

Each gram of powder contains:

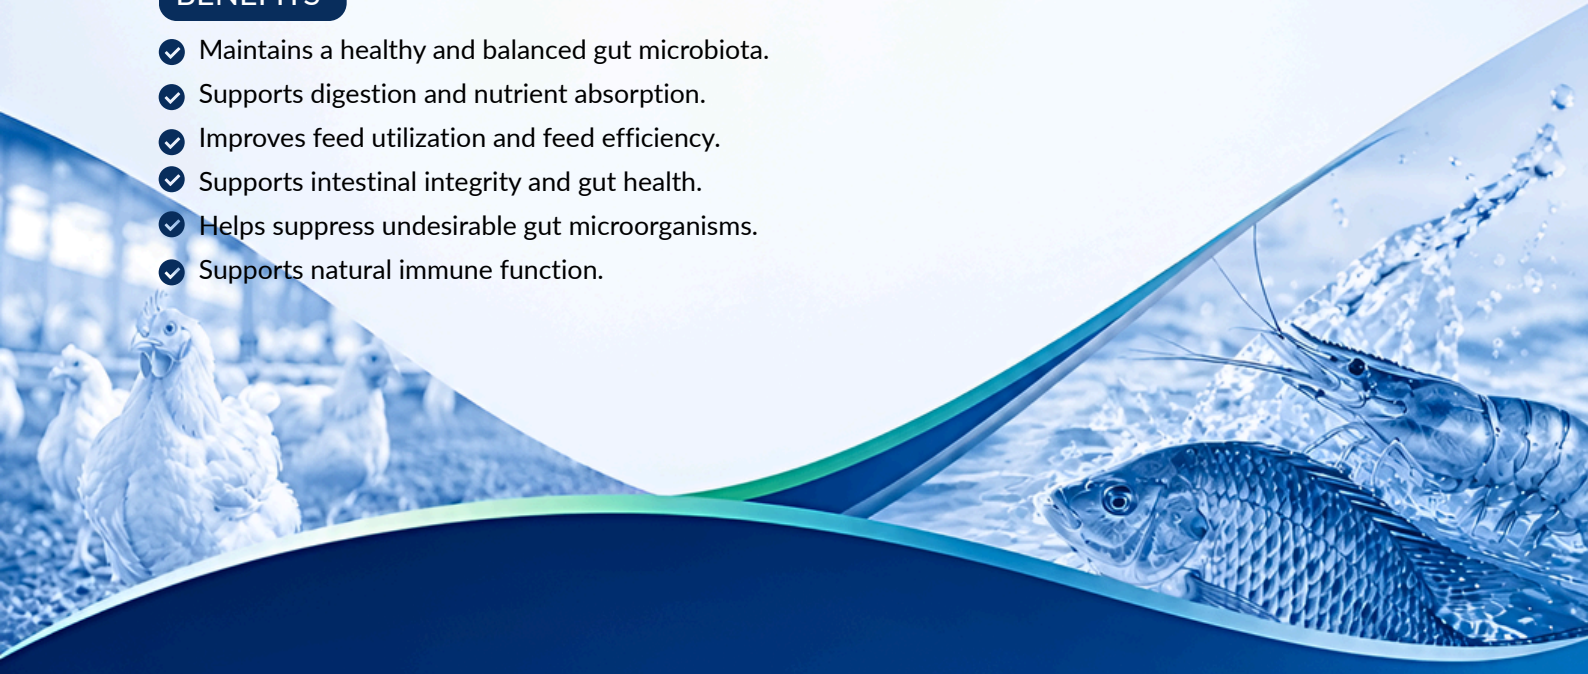

Probiotic Strain	Potency
<i>Bacillus subtilis</i>	5 Billion CFU
<i>Bacillus licheniformis</i>	4 Billion CFU
<i>Bacillus coagulans</i>	2 Billion CFU
<i>Bacillus velezensis</i>	4 Billion CFU
<i>Bacillus pumilus</i>	3 Billion CFU
<i>Saccharomyces cerevisiae</i>	2 Billion CFU

TOTAL

20 Billion CFU/g

BENEFITS

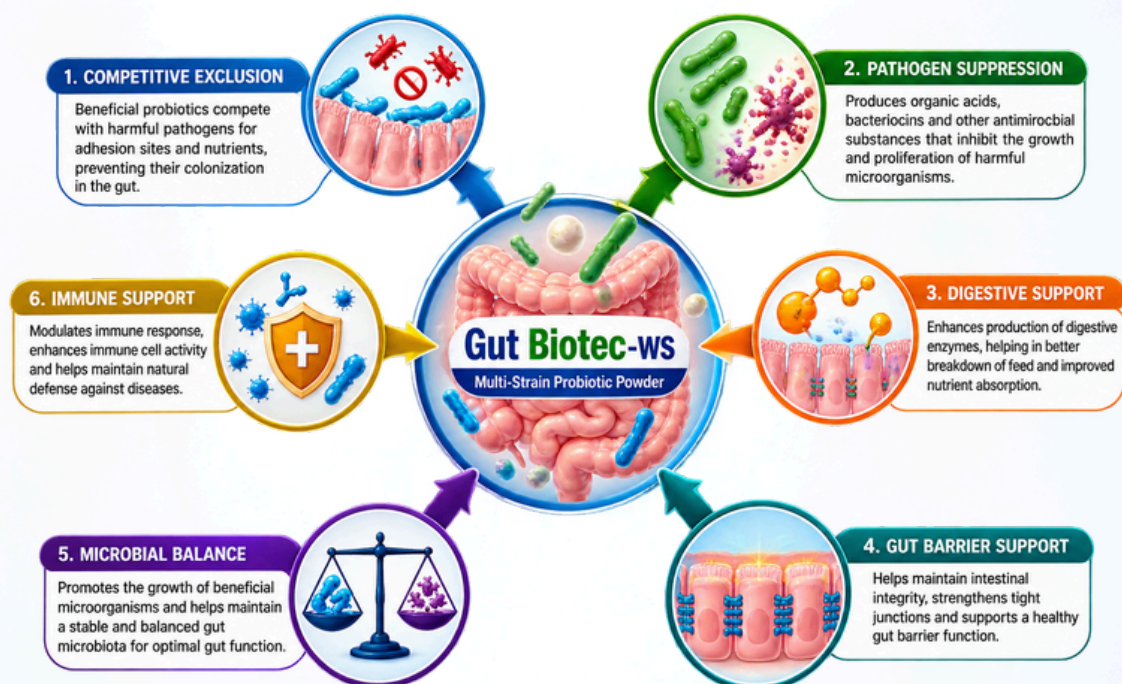

- ✓ Maintains a healthy and balanced gut microbiota.
- ✓ Supports digestion and nutrient absorption.
- ✓ Improves feed utilization and feed efficiency.
- ✓ Supports intestinal integrity and gut health.
- ✓ Helps suppress undesirable gut microorganisms.
- ✓ Supports natural immune function.

ADVANCED PROBIOTIC SOLUTION

POULTRY & AQUA

Gut Biotec-WS

DOSAGES AND ADMINISTRATION

Broilers, Layers & Breeders: 100–200 g per metric ton of feed.

Through Drinking Water: 200–400 g per 1,000 litres of drinking water.

Aquaculture

Through Feed: 200–400 g per metric ton of feed. Mix the required quantity of Gut Biotec-WS with a small quantity of clean water to prepare a uniform slurry, then evenly coat the feed pellets using 1–2 litres of vegetable oil per metric ton of feed as a binder. Mix thoroughly to ensure uniform coating and allow the treated feed to stand briefly in a cool, shaded area before feeding. Prepare fresh feed and avoid excessive heat during preparation to preserve probiotic viability.

Through Water: 100–200 g per 1,000 litres of water, applied according to pond or tank management conditions.

PRESENTATION

Available in 500 g sachets

At Rigel Global Pvt. Ltd., we are committed to enhancing animal health, productivity, and overall well-being through advanced nutritional and healthcare solutions. Our Animal Health & Nutrition Division partners closely with farmers, veterinarians, and feed manufacturers across India and international markets, delivering scientifically validated products that support performance optimization, immune strength, and sustainable production in poultry, livestock, and aquaculture.

Backed by a robust research-driven approach and global collaborations, we integrate internationally proven formulations with region-specific technologies to address the dynamic needs of the poultry, dairy, and aquaculture industries. Our diverse portfolio spans feed additives, probiotics, veterinary formulations, and biosecurity solutions—each developed with a strong focus on quality, efficacy, and safety.

Guided by our core principles of Integrity, Innovation, and Impact, Rigel Global Pvt. Ltd. strives to strengthen the food value chain while empowering partners with dependable products and expert technical support. We believe that healthy animals are the foundation of a healthy world, and every solution we deliver reflects this enduring commitment.
